

## **Sterlite bagged Indian Institute of Metals - Non Ferrous Best Performance Award 2008**

Indian Institute of Metals, Non Ferrous Division, recognizes best performing organizations with an award every year. This award is a national recognition by India's premier body of professional metallurgists, awarded to Non Ferrous metal units excelling in their Over all performance, Productivity, Product development, Quality, Environment protection and Human Resource Development.

All non-ferrous units engaged in manufacture/fabrication of Aluminium, Copper, Zinc Lead, Magnesium, Tin, Silver, Gold etc., and their alloys are eligible to apply for this award.

The award presented to us in the 46th National Metallurgists' Day, 14th November'08 at the Auditorium of India Expo Centre, Greater Noida Expressway, New Delhi.

It is to be noted that Sterlite Industries (India) Ltd had already won this award earlier in 2006.
